

# To our patients

Due to the escalating Covid 19 situation, we will be limiting our in-person consultations and drop in's effective Monday January 10 – January 24 2022.

**Please note the following changes:**

- All consultations will be transitioned to video or phone (virtual). We have limited days and times available for those patients who prefer in person consultations or who have been asked to attend in-person. Please contact us directly to book an in-person appointment.
- IV therapy and PRP appointments will continue to be available in person and can be booked on line.
- Patients will be able to drop off lab samples and pick up products on Wednesdays, Thursdays and Saturdays only. Please do let us know you will be coming in by calling us at 604-566-9355.

We have implemented these temporary changes as the safety of our patients and team members has always been our top priority. We will continue to assess the situation and transition back to normal operations as soon as we are able to .

Thank you for your understanding. We are all in this together!

Yours in health

The Vitalia Team
